Disclaimer

The Auckland Water Industry Performance Review 2006/07 is published by representatives of the Auckland Water Industry on the understanding that:

- Participating members of the Auckland Water Industry are not responsible for the results of any action taken on the basis of information in the report, nor for any errors or omissions
- Participating members of the Auckland Water Industry disclaim all or any liability to any person in respect of anything, and the consequences of anything, done or omitted to be done by a person in reliance upon the whole or any part of the Performance Review
- Readers of the Performance Review understand that information was provided by the participating members in good faith and a verification audit undertaken found the accuracy and consistency of the data in the 75 - 85% range.
