DEVELOPMENT CONTROLS

All development is subject to the development controls contained in Clause 10.8.1 ALL SITES SUBJECT TO CONCEPT PLANS IN THE SPECIAL PURPOSE 1 AND 2 ZONES of the Plan, and all relevant Bylaws, except where otherwise specified below.

1. **Building Platform**
   
   Building development will be limited to the building platform illustrated on the Concept Plan.

2. **Maximum Permitted Height**

   Area A: Building Platform: 18m
   
   Area B: 12m, except existing structures may be reconstructed or altered provided the buildings do not exceed the present height as shown on Reference Plan 3948 dated September 1992.

3. **Maximum Building Coverage**

   40%.

4. **Building in Relation to Boundary Control**

   The provisions of Clause 10.8.1.3 BUILDING IN RELATION TO BOUNDARY shall apply.

5. **Yards**

   On boundary abutting Claude Road: 10 m
   
   On boundary abutting Cornwall Park: 15 m

6. **Parking**

   As at the 1 July 1993 the gross floor area of buildings on the site was 89,647m².

   Additional parking spaces to that already provided shall be required for any increase in this floor area. These shall be assessed in accordance with standards set out in PART 12 - TRANSPORTATION. These standards do not apply to buildings for garaging of vehicles and stand alone storage facilities. These activities shall be assessed at a ratio of 1 space per 65m². The minimum number of parking spaces presently available on the site is:

   **Total on site** 1421

   No development shall reduce the number of parking spaces presently available on the site.

7. **Landscaping**

   Any land area not covered by buildings, storage, carparking, pedestrian or vehicle access shall be landscaped and maintained in such a manner as to create and preserve a good standard of visual amenity.

8. **Other**

   Refer to PART 10 - SPECIAL PURPOSE ACTIVITY for any development controls not covered by this concept plan including the reference at the end to other parts of the District Plan. This includes the provisions of PART 5C - HERITAGE.

Criteria for Assessing Applications for Resource Consent

In addition to the matters set out in Clause 10.7.1.3 DISCRETIONARY ACTIVITIES, the following matters are of concern -
1. The location of any new building on the site and the likely effect it could have on the amenities of the surrounding residential area and Cornwall Park. It is important that the buildings be designed and sited in such a way to minimise any adverse visual impact on the adjoining neighbourhood. New buildings will be required to be set back from the boundary with Cornwall Park to avoid unnecessary overshadowing and visual dominance. Existing landscaping should be retained and proposed landscaping should be located to give significant screening of new buildings from surrounding roads.

2. The impact of increasing in the total intensity of development of the site on the environment including residential areas, Cornwall Park and the reading network must be considered. Building coverage and parking provisions for new development will assist in mitigating any perceived impact.

3. Development over many years has resulted in many access points to the site, particularly from Greenlane Road. In considering applications for new development, traffic management techniques may be applied to these access points to ensure the smooth flow of traffic on Greenlane Road.

F09-19 COUNCIL CARPARK, NORTHERN CORNER OF GREENLANE WEST AND MANUKAU ROADS

Development to be in accordance with the following -

1. All activities, works and buildings not fully described in the notice of requirement shall be the subject of either:

(a) a new notice of requirement, which shall be publicly notified, pursuant to Section 168A of the Resource Management Act; or

(b) a notice to alter the designation, pursuant to Section 181 of the Resource Management Act, which notice shall be publicly notified unless the alteration is minor and affected persons agree in accordance with the provisions of Section 181(3) of the Act.

2. Unless lapsed prior to 15 June 2010, the expiry date of this designation was extended to 1 November 2015, by S78 of the Local Government (Auckland Transitional Provisions) Act 2010.

F11-16 ELLERSLIE PRIMARY SCHOOL, KALMIA STREET

Development to be in accordance with the following -

1. The following trees shall not be cut, damaged, altered, injured, destroyed or partly destroyed other than in accordance with an outline plan submitted and processed in terms of Section 176A of the Resource Management Act 1991:

   (a) indigenous trees (including the roots) over 6m in height or with a girth (measured at 1.4m above the ground) greater than 600 mm;

   (b) exotic trees (including the roots) over 8m in height or with a girth (measured at 1.4m above the ground) greater than 800 mm;

   (c) trees which are identified in the District Plan as scheduled trees as at 20 June 1995.

   In the case of a tree with multiple trunks (such as pohutukawa) the girth measurement shall be the aggregate or collective measurement of all trunks which have a circumference of 250mm or more.

   Provided that regular minor trimming or maintenance effected by hand operated secateurs or pruning shears, may be undertaken in accordance with accepted arboricultural practice, and that removal or trimming required to safeguard life and property is permitted without an outline plan.

3. Carparking shall be provided at the rate of two car parks per classroom, except where the Council accepts, on the basis of a specifically commissioned parking study by an appropriately qualified engineer, that a lesser level is appropriate.

4. Unless lapsed prior to 15 June 2010, the expiry date of this designation was extended to 1 November 2015, by S78 of the Local Government (Auckland Transitional Provisions) Act 2010.
