This is a submission on proposed St Lukes Plan Modification 8
Current Auckland City District Plan: Operative Isthmus Section 1999

Submission :

I support the proposed plan modification and in particular the provision for the likes of :

- 1. Additional parking on Westfield land
- 2. Improved pedestrian access to and from the centre
- 3. Improved access to and from immediate neighbourhood
- 4. Further uses of Westfield land for community, residential or office uses, in addition to retail
- 5. A main street environment, similar to Nuffield St, Newmarket
- 6. Wider variety of shops and services

Additional comments :

We have seen westfield St Lukes grow from the time the land was a quarry. Subject to improved traffic/transport flows, I support the proposal. There must be a transport hub and, if possible, a connection to the train station @ Morningside. All roads around here are busy - not just Araha Ave/rd. Exeter rd!

I request that Council approve the plan modification.

I ~~do~~/do not (strike one out) wish to attend the hearing in support of my submission
