4/ We support / oppose / seek amendments to the plan modification. The reasons for my / our views are:

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

We oppose it because the traffic is already too much in this area. St. Lukes Rd is already gridlocked at morning and afternoon peak times.

Allowing this plan change can only increase the volume of traffic & the congestion in the area.

4/ We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline / accept / accept with amendments

I have attached additional information Yes No

4/ We wish to be heard at the council planning hearing Yes No

4/ We would be prepared to present a joint case at the hearing with any others making a similar submission Yes No
