Plan modification: Westfield Proposed Plan Modification #8

1. The specific provision of the plan modification that my submission relates to is: Part A - Activity Area B Part B - Interface Type E and Interface Type G

2. I/we : Oppose

3. The reasons for my / our views are: The idea of creating an exit from a shopping mall onto a character residential street is obscene. The mall has a major arterial road and a minor arterial road onto which it may disgorge traffic. Also, Aroha Ave is in no way large enough to handle any increase in traffic, plus the logical exit onto Sandringham Road would require traffic lights to avoid congestion and accidents.

Furthermore, installing a large-scale shopping mall onto a character residential street is fundamentally flawed, and would be an abuse of community values.

4. I / We seek the following decision from the council: Decline the plan modification

5. I / We wish to be heard at the council planning hearing: No

6. I / We would be prepared to present a joint case at the hearing with any others making a similar submission: No
