① We support / oppose / seek amendments to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I oppose this plan change application because it would increase traffic making the street unsafe for children, cyclists and pedestrians.

It would also change the character of the street from a quiet residential street into a horrible business district.

I also oppose it because it would mean losing my friends who would have to move away.

It would also mean we would lose many trees around here.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline / accept / accept with amendments

I have lived in this street all my life. I know how much of a friendly neighbourhood this is and I don't want to have it torn apart by this foreign company who does not understand what it is destroying.
