I / We support / oppose / seek amendments to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I oppose it. Because the enormous size and scale of the height and area will dominate and overwhelm the residential area it is located within. It ~~will~~ take away the sunshine and will be very noise.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification should be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.
