I / We support / oppose / seek amendments to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I oppose this proposal as the greenaround Westfield St hulas already has significant on street pressure and this proposed plan change would worsen this. Also the change would put too much capacity pressures on the road & environmental infrastructure in and around the St hulas area

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline / accept / accept with amendments

I want the council to decline this on the basis that the Council if it support this proposal would reduce the rights of individuals and neighbourhood in favor of commercial endeavour.

I have attached additional information Yes No

I / We wish to be heard at the council planning hearing Yes No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission Yes No
