I / We support / oppose / seek amendments to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I am concerned that we will have to live with concrete monstrosities in our neighborhood instead of the residential homes. My kids will no longer be able to safely walk the streets. Adra Ave is a quiet street it no longer will be. There will be traffic - idling - broken glass. Our children won't be able to safely walk in the neighborhood. As it is there are ~~big jams~~ ^{traffic} already on the routes to St Lukes - increased ~~in size~~ ^{in size} will mean even more jams - more pollution, more clutter & trouble.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline / accept / accept with amendments

I request the council **DECLINE** the proposed plan modification in its entirety.

I am not opposed to change and improvements but not without visibility and control. If this proposal is approved, there will be little control with Westfield being able to do what they want if the land is rezoned.
