I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

My concerns with these district plan modifications relate to the impact on our street Anoka Ave.

I feel that this will be an extremely negative + irreversible change to a residential street.

I have noticed over the last couple of years an increase in the volume of traffic + the type of traffic coming into Anoka Ave.

If the proposed changes are made by Westfield then the volume of traffic will increase even more (therefore increased noise + air pollution and as well as the risk to our children playing or crossing the street increases) as well as the trucks + light commercials that row down our street will also increase, affecting and impacting on this very residential + community based street.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments

Westfield would like to re-zone parts of Anoka Ave + neighbouring streets. I am opposed to this. Please keep this area RESIDENTIAL. The impact of making more areas available for commercial development will lead to:

- loss of community
- increase in vandalism
- increase in noise pollution + air pollution
- the destruction of some beautiful old houses.
- issues with safety for children being able to play or cross the street.
- Visual impact of commercial buildings are not nice to look at

I have attached additional information: Yes  No

I / We wish to be heard at the council planning hearing Yes  No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission Yes  No
