- There will be a significant increase in traffic up Aroha Ave.
- There are already significant problems with parking for residents of Aroha Ave and their visitors. This will increase if there is access to St Lukes Westfield directly off Aroha Ave.
- There is already a significant noise impact from traffic accessing the mall. With this proposed change this will increase.
- There is problems with litter from mall visitors in Aroha Ave. With increased density at the Mall of visitors this will increase.
- There will be a significant negative impact because of these factors on residential quality of life.

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.
