I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are:

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

- Workers from St. Lukes already congest our streets parking their work vehicle in our street. On sale days they even cover the grass verges with shoppers cars as the existing car park is a nightmare.
- The number of cars being broken into would also increase - thus public safety.
- A lot of young children and families play in the street & on the verges. Increase in pedestrian & vehicle traffic would make this inappropriate and unsafe.
- This would cease to be the nice family environment we choose to live in and turn it into a semi commercial district.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments

Decline the Proposed Plan in its entirety.

I / We wish to be heard at the council planning hearing  Yes  No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission  Yes  No
