

I / We support / oppose / seek amendments to the plan modification. The reasons for my / our views are;
Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

The expansion will be totally out of character with the neighbourhood & destroy the heritage character of Arona Ave.

I oppose this proposal as traffic ^{& parking} around St Lukes are already congested & extending St Lukes will worsen this. This will worsen the situation for pedestrians including the many school children walking to school nearby (Edendale, MALS).

The council is mean to be encouraging use of public transport and increasing the car park size will not encourage public transport use. Reduce the parking space at St Lukes! to encourage bus use, walking + cycling to St Lukes

An increase in traffic also causes increase in noise & pollution. There are NO benefits to enlarging St Lukes.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline / accept / accept with amendments

Decline the proposed plan in its entirety, due to detrimental effects including traffic, light + safety with no enhancement or benefits to the area.
