This is a submission on the following plan modification (state plan modification name and number):

Please tick the section of the district plan your submission relates to:

- 1999 Operative Isthmus Section
- 1996 Operative Hauraki Gulf Islands Section
- Transitional Operative District Plan (former Auckland District Scheme)
- 1997 Proposed Central Area Section
- 2004 Operative Central Area Section

Please use a separate form for each separate matter for submission

The specific provision of the plan modification that my submission relates to is:

\* safety, privacy + security of individuals + community  
 \* Noise pollution for residence  
 \* As a resident on St Lukes Rd I have concerns of vehicle noise, lights, litter + parking issues -  
 \* I am concerned over all extra vehicle pollution, noise litter, health ramifications and the ability for us as a family to cycle or walk safely -  
 \* Concerns for the <sup>over</sup>domination of all existing residence surrounding the proposed complex - namely for the quiet street of Aroha Ave.  
 \* I oppose the plan change - local business impact will suffer and it will take away the heritage vibrancy to our community  
 \* Traffic density to all surrounding streets is great concern. We are overloaded now and getting out of our drive is difficult now - again safety.  
 \* Police, ambulance, Fire etc a concern to get through the major congestion - This development would produce  
 \* A major eyesore in every way

I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I am generally concerned for the major impact of the added amount of vehicles would bring. These include noise, fumes, congestion, safety for cyclists, pedestrians, on street parking problems, litter, the quiet heritage of the back street areas - mainly Anohk Ave residence would greatly suffer. The inability of us as a family to enter & exit our drive on St Lukes Rd safely and physically. There would be difficulties for Emergency vehicles to be able to service the extended surrounding community - Generally the extreme loss of suburb character with a dominant feature would impact on us all - We are a diverse community who enjoy our habitat as it is now, this is how we want to live not the way we would be forced to live -

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments

I decline the proposed plan change in its entirety -  
I definitely request the ACC that they not rush these plans through.  
I seek the following decision from the council, decline due to the detrimental effects, it would have on the well-being of all concerned parties, including light, traffic, safety and environmental impact.  
I ask the council to decline the proposed application. I recommend that the zoning should remain the way it is at present. I.E. Full rejection of the proposed plan change.
