

I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are:  
Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

I oppose this proposal because what is a quiet pocket of streets will be turned into a thoroughfare unsafe for adults and children and older people alike.

The character of the area will be changed irrevocably to the negative.

Visual pollution will increase in Auckland city.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments

Decisions should be made in consultation with the entire community. St Lukes is already an ugly, user-unfriendly strip mall. An opportunity for expansion should be rejected outright and any such plan should have taken into consideration how to improve the commercial offering, traffic management and aesthetic values, rather than the imposition, ~~is~~ undemocratically of an entirely commercial operation by a company that clearly prefers to ~~do~~ <sup>conduct</sup> its operations stealthily and with minimal community buy-in or application of aesthetic or social values
