Please use a separate form for each separate matter for submission

The specific provision of the plan modification that my submission relates to is:

- 1 → I oppose this proposal due to inevitable increase of traffic and impact on safety of cyclists + pedestrians.
- 2 → I oppose it due to negative impact on neighboring businesses in Balmoral, Sandringham, Morningside etc. I choose to walk to local businesses + to support their trade.
- 3 → I oppose this proposal due to the negative impacts on the previously solely residential street, traffic, loss of <sup>sun</sup>light, parking, character.
- 4 → I oppose this proposal because of the negative impact increased traffic would have on Gribblehurst park, an important recreational facility for the local community.
- 5 → I oppose this proposal due to the negative impact on the environment, degradation of waterways, air pollution, loss of trees.
- 6 → I am concerned about traffic noise both late at night and early in the mornings, this is a quiet residential street, and that will change irrevocably if the plan change is approved.

I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are;

Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

- ① Traffic - we have young family members + friends crossing the road regularly to visit + play, heavy traffic will make this less safe, also young children playing on their bicycles will be at risk.
- ② main street shopping facilities provide a community not found in malls which is important to residents in big cities. malls are anonymous + do not enhance local communities.
- ③ This will erode a residential area with no benefit to community.
- ④ Residents of inner city areas rely heavily on this park for recreation, important for young families + all ages.

I / We seek the following decision from the council (give precise details):

Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments

I request that the council decline the proposed plan modification, and put the interests of the local community ahead of those of big business.
