I / We support  / oppose  / seek amendments  to the plan modification. The reasons for my / our views are;  
Note: if you generally support the plan modification but seek some amendments to it you should tick both the "support" and the "seek amendments" box. If you oppose the modification but seek amendments as an alternative to its decline, you should tick both the "oppose" and the "seek amendments" box.

The current structure is abhorant to any feeling of community, it is ugly, the traffic flow makes it impossible to consider acquiring the basics - ie. food

To consider making this eyesore even bigger is bleeding the village life we have at the Sandringham Village.

We chose Sandringham to live in because we enjoy the community shops and low level traffic and we do not want this endangered by a blight of malls and shops at St. Lukes

I / We seek the following decision from the council (give precise details):  
Note: the decision requested from council should only relate to the content of the plan modification. Any matters raised which do not directly relate to the plan modification will be treated as being not "on" the plan modification or "outside the scope" of the plan modification and will not be considered.

decline  / accept  / accept with amendments
