The height restrictions for the volcanic viewshafts indicated in these maps, while as accurate as possible, are indicative only. You can also refer to the Council website for indicative images of the viewshafts described in these maps.

Please note that for survey purposes all applications should refer to Appendix L of the Auckland Regional Policy Statement for the definitive coordinates that relate to each viewshaft.

Where more than one viewshaft crosses an area, only the resulting lowest restriction is depicted.

For map clarity, where viewshafts cross the Coastal Marine Area, the resulting height restrictions are not depicted
