I, Inga Muller, wish to be party to the following proceedings :

Appeal by the Waiheke Island Airpark Resort Limited in relation to notified decisions made by the Auckland City Council specific to the Hauraki Gulf Islands Proposed District Plan, such decisions being in regard to the Parts 2,3,6 and 13 provisions and Planning Maps. The Appeal reference is ENV 2009 AKL 000346.

I am a person who made a submission in the proceedings on the same matter.

I am interested in all of the proceedings.

I oppose all of the relief sought by the Appellant.

I believe that the division of the airfield block into Landforms according to existing vegetation is necessary to protect the environment. The limitation of activities and buildings according to the Proposed District Plan are appropriate and aim to protect the character of the area. The ridge is still highly visible and part of a large natural vista.

I agree to participate in mediation or alternative dispute resolution proceedings in relation to the proceedings.
