The specific provision that my submission relates to is:

I / We: Support the submission of:
Cycle Action Waiheke, submission 3849, c/- 54 Jellicoe Parade, Surfdale

I / We: Support these particular parts of the above submission:
Parts 3849/1 to 3849/10 inclusive

The reasons for my / our support or opposition to the above submission are:
I am not a member of this group but I am a regular commuter cyclist between Seaview Rd and the ferry, as well as around other parts of the community in leisure times. All the parts of Cycle Action Waiheke's submission - as categorised in points 1 to 10 - sound to me to be very sensible and very worthwhile having in place - and really just the basics. Not only are there a few dedicated commuter cyclists, but there are quite a few tourists and day-trippers cycling around (I've been one of them in the past) and it would improve safety at least on the main roads. I see that Auckland City Council has a policy of supporting cyclists - I cycle down Albert Street in town nearly killing myself between the buses and other traffic and am greeted by a message saying we love cyclists - "one less car". Please follow the sentiment with some basic action on Waiheke.

I / We seek that:
the whole submission be allowed

I / We wish to be heard at the council planning hearing: No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission: No
