Gulf Vision Limited ,		
1596/10 Submission number:		
The particular parts of the above submission which I / we support :		
Concern that the heritage data from the survey carried out by George Farrant et al circa 2000 is not included/referenced		
The reasons for my / our support or opposition to the above submission are: Heritage buildings are a significant reminder of our history, who we are and how our community has developed. They are part of a very special "sense of place". George Farrant et al have professionally identified many Waiheke heritage items. The community has requested they be recognised in consultation with owners but they have been repeatedly omitted from the plan. Please reinstate them.
