The specific provision that my submission relates to is:

I / We: Oppose the submission of:
Ridgeview estate Sub# 146

I / We: Oppose these particular parts of the above submission:
all

The reasons for my / our support or opposition to the above submission are:
The purpose of this provision is to limit activity so as to reduce negative effects on the environment and surrounding residential properties. Temporary structures should not remain for extended periods of time. We believe the 5 day provision is sufficient to allow activity in a controlled manner and limits disturbance to residences. Temporary structures are poor acoustic insulators and should be tightly controlled as to duration of use.

I / We seek that:
the whole submission be disallowed

I / We wish to be heard at the council planning hearing: Yes

I / We would be prepared to present a joint case at the hearing with any others making a similar submission: Yes
