The specific provision that my submission relates to is:

I / We: Oppose the submission of:
Ridgeview estate Sub# 147

I / We: Oppose these particular parts of the above submission:
all

The reasons for my / our support or opposition to the above submission are:
The submission, when considered in conjunction with the varrious other amendments the applicant has sort, is clearly an attempt to utilise the HGI review to substantially change the character of LF5. We strongly oppose any attempt to extend large scale public festivals/events beyond the 3 days proposed in the HGI. The requested 14 day extension opens this provision to abuse and substantial disturbance to both the environment, surrounding resifdential properties and infrustructure. "Harvest" festivals as exampled in the submission can be easily accommodated within the 3 day proposed provision with limited negitave effects.

I / We seek that:
the whole submission be disallowed

I / We wish to be heard at the council planning hearing: Yes

I / We would be prepared to present a joint case at the hearing with any others making a similar submission: Yes
