I / We support the submission of Leith Duncan (Submission Number 660):  
Address: 47 Albert Crescent, Ostend, Waiheke Island. Tel: 09 372 7452. Email: mile@ihug.co.nz

The Particular Parts of the submission I / we support are:  
The introduction of a Part 15 into the Text titled - Sustainable Management Methods.

The Reasons for my / our support to the above submission are:  
Issues about caring for our future generations are becoming more important.  
Matters of the cost of transport, the cost of electricity, solar power & home insulation are relevant.  
Recycling matters.  
Daily issues of helicopter and event noise are real.  
Quiet is precious. Our night sky is precious. Community safety is precious.  
Climate change and peak oil debates are concerning.  
Caring for our waters and for our wastewater and the related issues of rates is a priority.  
Coastal subdivision, landscape and wetlands destruction and loss of access to nature is worrying.  
Our government is talking about it, but what can we do about it -  
To manage it we need to focus on it in a more overall way we can all understand.

I / We seek... That the whole submission be allowed -  
I / We wish to be heard at the council hearing.  
I / We would be prepared to present a joint case at the hearing with any others making a similar submission.
