I/We **support** the submission of:

Waiheke Community Board

Submission number: 1055

The particular parts of the above submission which I/we **support** are:

The whole submission.

The reasons for my/our **support** for the above submission are:

That the submission by the community board intelligently and concisely addresses many issues that are of great concern to the community in general and that their submission makes excellent suggestions in all those areas (submission points 1, 2, 4, 5, 6, 7, 8, 11, 12) and I endorse it as appearing to be representative of the views of the community as a whole from my perspective. The areas of detail in their submission relating to topics which do not vex the community en masse nonetheless seem eminently sensible and desirable, so I support them also.

I/We seek part of the submission be allowed.

I/We wish to be heard at the council planning hearing

I/We would be prepared to present a joint case at the hearing with any others making a similar submission.
