I/We support the submission of:

Waiheke Community Board

Submission number: 1055

The particular parts of the above submission which **I/we support** are:

Parts 20 - 29 relating to Coastal Amenity in various parts of the Plan.

The reasons for ~~my~~ **our support** for the above submission are:

Pressure to subdivide and increase the coastal developments is at odds with community sentiment as expressed in repeated surveys and planning forums.

Without appropriate controls on the style and density of residential development in the coastal environment, Community values cherished by permanent and long-term residents of the islands will be forever compromised.

I/We seek part of the submission be allowed.

~~I/We wish to be heard at the council planning hearing~~

~~I/We would be prepared to present a joint case at the hearing with any others making a similar submission.~~
