We oppose the submission of: Waiheke Island Airpark Resort Ltd, 171 Carsons Road RD1, Waiheke Island
Submission No. 1100/5

The particular parts of the above submission which we oppose are:

(clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal)

Submission 1100/5: Clause 4.2 should be altered to require discretionary activity status for activities not provided for

The reasons for our opposition to the above submission are:

This submission admits of entirely uncertain activities with entirely unknown adverse environmental effects to establish in areas identified by the operative and proposed district plan as having significant natural values. People living in the vicinity of the submitter's land have bought in reliance on the existing and proposed district plan provisions.

The principle of consistent administration requires that activities not provided for be treated on a precautionary basis and so submission 1100/5 is opposed.

We seek the whole submission be disallowed

We wish to be heard at the council planning hearing YES

We would be prepared to present a joint case at the hearing with any others making a similar submission Yes
