*(clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal)*

Submission 1100/6: Remove the control over exotic trees from the Plan

**The reasons for our opposition to the above submission are:**

This point of submission is opposed on grounds of uncertainty – no reasons or evidence are provided and the effect is unknown. There appears no reason for the removal of control, and therefore it is hard to know whether the submission is justified.

There is a concern as a neighbour that the submission is simply lodged in an attempt to smooth the path for the significant development rights sought in previous points of submission, which we have addressed above.

We seek the whole submission be disallowed

We wish to be heard at the council planning hearing **YES**

We would be prepared to present a joint case at the hearing with any others making a similar submission **Yes**
