<i>1120/1 Submission number </i>	
The particular parts of the above submission which I / we support To protect the "village square" area of Rocky Bay as identified by the hall, store, flagpole and boatsheds from the end of Pohutukawa Avenue around to "Goldie Point" and the special character of the Bay whilst allowing the freedom for buildings to be maintained, renovated or re-built provided such plans reflect the character of the Bay and environs.	
The reasons for my / our support to the above submission are: Waiheke, as an island and community, needs the tangible reminder of our history. These sites in Rocky Bay and indeed others across the Island are among the few Pakeha and Maori that are left show, our history, who we are and how we have come to be this way. These places contribute to our community and personal character, provide the emotional support of a sense of place, our place. They also add to the uniqueness of the island that draws visitors, holiday makers and tourists.
