I/We support the submission of: Bewdley Family Trust

Submission No. 1128

The particular parts of the above submission which we support are:

Each of these submissions in their entirety

The reasons for our support to the above submissions are:

1. There is no reticulated power on Great Barrier and each household has to provide for its own energy and heating needs.
2. Section 5 of the Resource Management Act places particular emphasis on the need to provide for adequate energy supplies for communities and future generations "sustainable management" and Section 7 of the Resource Management Act relates to (ba) "the efficiency of end use energy. (i) the effects of climate change (j) the benefits to be derived from the use and development of renewable energy."
3. The above submissions give a balanced interpretation of Part 2, Sections 5,6,7,8 of the Resource Management Act "which enables peoples and communities to provide for their social economic and cultural wellbeing and for their health and safety "

We seek the whole submission be allowed.

Yes

We would be prepared to present a joint case at the hearing with any others making a similar submission
