The particular parts of the above submission which I / we support / oppose are:
(clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal)

Wetland Boundaries Drawn on maps are inaccurate and often include clear pasture and dry land. It is not fair Council needs to pay some credence to what landowners want to do on their land.

The reasons for my / our support or opposition to the above submission are:

In an area where opportunity are limited the Council should foster productive land use NOT close people down. Council need to really see where the ducks are there is a lot of manipulative untruth about habitats the Council need to really know where ducks are

I / We seek

- the whole submission be allowed
- the whole submission be disallowed
- part of the submission be allowed
- part of the submission be disallowed

I / We wish to be heard at the council planning hearing *The Hydrological status of the world is not decided on Great Barrier IS* Yes No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission Yes No
