The particular parts of the above submission which I / we support:		
<i>All of it.</i>		
The reasons for my / our support or opposition to the above submission are: The Proposed District Plan (PDP) fails to take account of Waiheke as an island and a community and seeks to urbanise and isthmusize our place, completely overriding our concerns. The PDP fails to incorporate Essentially Waiheke, take real cognizance of the Hauraki Gulf Marine Park Act or the community provisions of the RMA and the Local Government Acts.

I / We support the Waiheke Island Community Planning Group Inc:

(Submission No.s 3061/20 and 110): Address: PO Box 49, Oneroa, Waiheke Island. In regard to the provisions in the Plan for economic growth and development.

The Particular Parts of the submission I / we support are:

These submissions in their entirety.

The Reasons for my / our support to the above submission are:

Council has conceded that the research and analysis work on future growth for Waiheke Island has not been completed and that as a result no provision has been made for it in the Plan. This is an issue that has a significant potential impact on the islands' character and on its community. Until a clear community mandate is established for direction in this regard, a moratorium should be placed on all subdivision.

I / We seek... That these submissions be allowed -

I / We wish to be heard at the council hearing.

I / We would be prepared to present a joint case at the hearing with any others making a similar submission.

I / We support the submission of the Waiheke Island Community Planning Group Inc:
Submission No. 3061/10, Address: Address: PO Box 49, Oneroa, Waiheke Island.

The Particular Parts of the submission I / we support are:

The entire submission.

The Reasons for my / our support to the above submission are:

Major structural changes in the Plan in particular in regard to SMAs and de-constructing, separating out the Onetangi straight area and re-labelling LU20 into the Rural 1 [Rural Amenity] LU, are not supported. In particular, the old LU 20 performed a critical structural function within the Plan as a whole, providing the strategic framework and representing the equally important issue of protecting our seen and understood landscapes, which is why it was called 'Landscape Protection'. The shift away from catchment-based SMAs is not supported.

I / We seek... That the whole submission be allowed.

I / We wish to be heard at the council hearing.

I / We would be prepared to present a joint case at the hearing with any others making a similar submission.
