Further Submission on the Proposed District Plan Hauraki Gulf Islands Section 2006.

Full name: ***Grey Power Waiheke and Gulf Islands Association Incorporated.***

This is a FURTHER SUBMISSION in SUPPORT of the SUBMISSION of the GREAT BARRIER ISLAND COMMUNITY BOARD. Number: 1405.

We seek that the whole of the submission by the Great Barrier Island Community Board (WCB) be allowed because:

- a. It represents the collective thoughts of the elected representatives of the Great Barrier Island Community on a variety of issues which are important to the community.
- b. The Board has an understanding of what is applicable to the physical nature and the social structure of the Gulf Islands and Great Barrier Island in particular.
- c. The Plan has not taken into account the wisdom and experience of the community and fails to be aware of its specific community values, priorities and issues.
- d. The submission shows the differences which exist between the various islands of the Hauraki Gulf but the reasons given in Submission Point 1 show that the Gulf as a whole has good reasons for requesting that "Council comprehensively re-review the entire plan taking into account community views."

We wish to be heard in support of this submission.

If others make a similar submission, we will consider presenting a joint case with them at a hearing.

Signed:

Roger Bryant
