

Walden Cross submission Number: 002 CS

Form 6

Further submission in support of, or opposition to, submission on publicly notified proposed policy statement or plan.

Resource Management Act 1991 First Schedule Cl 8

To: Auckland City Council, Private Bag 92516, Wellesley Street, Auckland

Name of further submitter

Name of person making further submission is: Ronald A Walden

This is a further submission in Support / Opposition of a submission on the following proposed District Plan - Hauraki Gulf Islands Section 2006 (The Proposal)

I «Support or oppose» the submission of: Progression Enterprises Ltd of: Gardner-Hapkins - Russell McVeigh, 30 Vero Drive, PO Box 8 Auckland 1. submission number: 2733

Particular parts supported

The particular parts of the submission I «Support or oppose» are: The whole of the submission.

Reasons

The reasons for my support/ opposition are: as outlined here Supporter's course on adverse effect on a County because of Design, Appearance. -> Fragmentation of the County by centralizing shopping, thus adversely affecting or eroding values of villages -> These proposals create a reliance on the motor car -> this is a further adverse effect on the County -> The proposal is contrary to "Essentially Wakaheke". The structures are dominant & highly visible with large footpaths. The structure type of road actually is contrary to the wellbeing of the County. The proposal is not sustainable for the County.

Decision sought

I seek the following decision from the local authority:

I seek that where alternative relief is postulated then the relief sought should be taken to be that emerging from any combinations

of the separate relief(s) sought such that the overall outcomes sought by me are achieved.

I further seek that all relevant sections of the proposal be amended accordingly to achieve the purpose sought in this further submission and the overall outcomes sought are achieved.

Specifically the outcome sought is: *The submission is rejected in total.*

However,

*If the proposal for superimposed type activity is to proceed the objectives / policies / values / amount of money should ensure that have adopted by "Walmart" in USA as a sector to the "Pitcairney" efforts of "its households" eg - within village communities / small scale bulk & form, walkability to town, bringing into the surrounding environment.*

*That the proposed ~~current~~ plan meet the tests of sustainable management in RMA & Protection, maintenance / & amount of money of Hauraki Gulf Marine Park Act 2000 - Addressing matters including well-being, & overall values*

As to being heard

I wish to be heard in support of my submission.

\*if others make a similar submission/s, I will consider presenting a joint case with them at a hearing.

Signature of submitter (or person authorised to sign on behalf of submitter)
