Great Barrier Island.

Phone &/or Email: (09) 4290 0800 Email: d-k.simpson@slingshot.co.nz

I/We support the submission of:

John & Shirley Gray Submission No 3422/3
Gt Barrier Island

The particular parts of the above submission which I/We support are:

When considering plan reviews there is a requirement for Council to provide the Section 32 analysis documents on which the changes to land form, sensitive areas and ecological significant site boundaries were based on Great Barrier Island.

The reasons for my/our support to the above submission are:

The procedure for a plan review (under section 32 of the RMA) requires Council to first consider the appropriateness of the objective policies and rules, consider alternatives and relative benefits and costs. These documents should be made available to parties effected by plan boundary changes.

I/We seek the whole submission be allowed

I/We wish to be heard at the council planning hearing Yes No

I/We would be prepared to present a joint case at the hearing with any others making a similar submission.

Yes No

Signed K. N. Simpson D. W. Simpson Date 27/05/07
