Submission number *2145*

The particular parts of the above submission which I / we support / oppose are:
(clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal)

Manifestly oppressive interpretation offered in the plan. People need options on the ground. This is leading to a Ned Kelly revolution people can't live by

The reasons for my / our support or opposition to the above submission are:

These rules people have to use the land to create opportunities. SCS zones are not accurate ~~scs~~ sensitive areas are not accurate in every case.

I / We seek

- the whole submission be allowed
- the whole submission be disallowed
- part of the submission be allowed
- part of the submission be disallowed

Needs to be more assessment people have to get on to. People don't want to consult everytime they do stuff, to much cost.

I / ~~We~~ wish to be heard at the council planning hearing Yes No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission Yes No
