The specific provision that my submission relates to is:

I / We: Support the submission of:
Ellen Curreen 2870

I / We: Support these particular parts of the above submission:

The reasons for my / our support or opposition to the above submission are:
I believe the only threat to this area is subdivision which would be protected under the sand dune designation.

This area has been farmed for well over 50yrs and there has been little change in that time. The unstable sandhill and bird nesting area was subdivided off as lot 2 and donated to QE Trust by Mr Curreen to ensure its protection. A process which he battled with for years to obtain and sadly didn't live to see the final transfer.

A site visit and consultancy with owners is required.

I / We seek that:
the whole submission be allowed

I / We wish to be heard at the council planning hearing: No

I / We would be prepared to present a joint case at the hearing with any others making a similar submission: Yes
